VISIT US AT

82233 Hwy 1129, Covington, LA 70435

(3.4 miles North of Barker's Corner on the left.)

OUR MISSION

is to supply the Green Industry with quality services and plant materials including distinct, unusual and native varieties of trees and shrubs.

ABOUT US

Nestled under 30 year old Live Oak trees, Cedar Hill Wholesale Nursery is independently owned and operated serving Covington, Mandeville and the surrounding areas since 1985. In 2010, we had a vision to expand. As part of our vision, Julian Holiday's Hillside Nursery was purchased. All of Julian's plants were moved to Cedar Hill combining a wide variety of native, tropical, container and field grown plants at a closer more convenient location.

SERVING

Serving landscape contractors, architects, landscape designers, custom builders, property management companies, school campuses, municipalities and more.

HERE TO HELP

If you are a professional, in charge of exterior grounds, Cedar Hill's friendly and knowledgeable staff is available to help with your horticultural needs.
